

THE LEGISLATURE.

SENATE.

The Senate met as usual this morning. The chief subject for discussion was an act making supplementary appropriations for the use of the Government for the two years ending March 31, 1896. The bill is as follows:

Permanent settlements, Kaulani, 12 months commencing April 1, 1895, \$4000; Department of Foreign Affairs, Bond, \$600; Attorney General's Department, Pay of Police Oahu, \$40,000, Pay of Jailors' guards and lunas of prisoners, \$10,000; Interior Department, Fire Department, Honolulu, Pay Rolls, \$4,000.

The bill caused considerable discussion especially the first item for Princess Kaulani. Senators Brown and Waterhouse strongly supported the item, while Senator McCandless bitterly opposed it. Senator Baldwin was willing if the condition was attached that she should first take the oath of allegiance.

Minister Hatch got up and in an eloquent speech supported the passage of the item. He said while it was not a legal obligation on the government it was a moral and equitable one. We cannot afford to take any right away without making compensation therefor. In this case the passage of this item was for the glory of the republic and the increase of its prestige abroad. Insinuations had been made that Ministers want to save their necks in case of restoration. He would say that he was for annexation first and last, and would sacrifice political and personal feelings to gain it. This was a moral obligation and not a bargain. It was necessary to make concessions to meet the approval of the world. We should not play on differences in United States politics but should act so as to meet both parties. When we again approach them with the offer of annexation our abstract of title will be examined into. Passing this item will help us. That is the feeling amongst those strongest in our favor. The indications are all the other way against our getting annexation. We should therefore concede these points. The old wing of the Democratic party was in favor of annexation but we must do what is right. Again it is due to the Hawaiian race to acknowledge that a monarchy had existed here for many years, and that it was a good monarchy—as good as monarchies can be. We should show to the world that the revolution was not made merely by force of arms but by the consent of the people and everybody.

In the course of his remarks Minister Hatch stated that the compensation made in the treaty with the Harrison administration to Kaulani was inserted at the instance of that government, the only friendly one to us. Wilder and McCandless corrected this by stating that the instructions to the commissioners allowed them to insert such a provision but that the amount insisted was greater than the commissioners thought right. Minister W. O. Smith stated that we had as a government attained our present consideration from the world by dealing with justice, fairness and magnanimity. We have returned good for evil. If the revolution was not founded on justice it ought to fall and will fall. He would remind the Senators in event of annexation—close union—the Hawaiian element would always be the most important factor in the case. He hoped the item would pass and that he would also see the day when Liliuokalani would receive a substantial pension from this Government. Senator Baldwin wanted to know if Kaulani would receive the appropriation in a proper spirit. Senator McCandless opposed granting such an appropriation. Within three days the Citizens' Guard had been put under arms for fear of insurrection, and he didn't believe in this cry of wolf!

wolf! and "this will hurt annexation if you don't do it."

Senator Horner said he thought to pass this appropriation was inconsistent with the military appropriations. After more desultory discussion the ayes and noes were taken on motion by Senator McCandless to strike out the item which was lost by 5 to 8 as follows: Ayes—Northrup, Baldwin, W. Y. Horner, McCandless, J. N. Wright; Noes—Kaubane, Lyman, Notley, Brown, Waterhouse, Schmidt, Rice, G. N. Wilcox. Absent, Hocking; Wilder in the chair.

The other items of the bill were passed after some discussion and the bill went to engrossment; then the Senate adjourned to Monday.

Saus Souci.

The most lovely spot on Oahu is Saus Souci. This favorite seaside resort, which has been immortalized by the pen of Robert L. Stevenson, who resided there for months, is only four miles from Honolulu and within easy reach of the tramcars. The surroundings and bathing at this famous resort are superior to anything found in the Hawaiian Islands. Cottages and board can be obtained on easy terms. The table set by the manager is better than any offered here at other hotels. For picnics, bathing parties and outings the best accommodation can be secured by giving notice to the manager.
